

## PURPOSE

As a business leader, learn the lessons of the aviation industry for daily application in the business.

Gain altitude ("Manage & Lead") and increase the cruising speed of your business!

Understand where your business might be at risk and what to do to avoid difficult moments and beat the competition.

Foster the team spirit and build teams during a learning and engaging workshop: learn, apply and live the experience of flying !

# Fly Your Business

STANDARD AGENDA (Most agenda's are adapted to your specific situation)

- Discovery of the 4 levels of Fly Your Business: the Environment, the Company, the Teams and the Clients and the 4 elements sustaining each level: a total of 16 exercises.
- Self-assessment questionnaire: how ready are you to make your business fly?
- Concrete action plan to implement what is useful for your business.
- One hour general aviation flight over Belgium with full cockpit explanations. Live the real experience of flying and "having the controls".
